

Leafing Out

Available: March-May

Appropriate for Upper Elementary Students

Project Overview:

In this project students will learn how trees work for people and how to care for the community forest in their own community. They will learn about trees native to the Great Plains and the importance of diversity in the community forest.

Materials Provided:

Teachers Manual

Presentation:

Andra Petersen can deliver material to teacher, and will assist with the project if the teacher desires. This is a five lesson project.
